

# JOBTRAINER

**SHORT COURSE**

## Statement of Attainment training in Introduction to Cyber Security Awareness

### Overview

This course is designed to give you the skills and knowledge needed to implement a range of security protection for your devices. This will reduce the risk of a device's operation being affected by spam or destructive software.

### Subject Information

- ICTSAS214 — Protect devices from spam and destructive software

### Campus

CIT Reid

### Duration

This short online course will take approximately six (6) weeks. You will be required to participate in (2) hours per week to complete this course.

Delivery is online, as a self-paced series of lessons and activities, which you can complete at your own pace.

### Course commencement options

Semester 1, 2022
