Team	Cappello Hydraulics
Location	Canberra, ACT
Manager	Site Supervisor - Hydraulics
Direct Reports	Nil
Status of Position	Full time permanent

About Cappello

Cappello Hydraulics & Civil (Cappello) is a Canberra-based, locally owned and operated business, with a commitment to providing high quality and reliable services to our clients.

Cappello has been operating within the Construction Industry since 2003 and has built an extensive client base of government and private sector clients. Our clients have included local, state, territory and Commonwealth Government agencies, developers, architects, property owners and investors.

Position Summary

Key responsibilities

The key responsibilities of an Apprentice Plumber include assisting with the following:

- Perform assigned tasks on project as directed by Site Supervisor.
- Prepare and/or study plans and specifications to determine the layout of plumbing systems and materials needed.
- Find and mark positions for connections, measure pipes and mark cutting or bending lines, then cut holes through walls and floors to accommodate pipes.
- Cut, thread and bend pipes, assemble and install piping, valves and fittings, and join pipe sections and secure pipes.
- Test lines as required by local plumbing regulations.
- Install equipment such as boilers, chillers, pumps, heating and cooling systems, gas appliances, water tanks, water heaters and solar water heating systems, and fixtures such as toilets, wash basins and industrial processing units.
- Weld and braze pipework (steel, copper, plastic and stainless steel).
- System testing and commissioning.
- Maintain and repair plumbing systems.
- Performing assigned tasks on project.
- Complete relevant forms and administration, including ITP's checklists and timesheets.
- Comply with all site safety and environmental requirements.

- Work in a professional manner that will deliver high quality projects to our clients.
- Advise Supervisor immediately of unsafe and/or potential environmentally negative impact conditions / activities in the work area.
- Report accidents / incidents and/or near misses to the Supervisor.
- Communicate consistently in a respectful tone and encouraging a supportive team culture.
- Uphold Core & Cappello's values and behaviours every day.
- Ensure that all work is carried out in accordance with Cappello's employee policies and standards.

Skills and Experience

Experience and Knowledge

- Training and experience in the above tasks on hydraulic projects.

Qualifications

- Commencement of plumbing qualifications
- White Card
- Asbestos Awareness Card
- Current ACT Driver's Licence

Cappello Behavioural values for all staff

Integration of our five core values into our employment practices and frameworks allows Cappello to recognise and respect individual staff members for their personal contributions to their roles, their colleagues, Cappello, Cappello's clients and ultimately to the building and construction sector.

Safety	Influences and drives practices for preventing workplace injuries and illnesses.
Communication	Displays the ability to communicate politely and respectfully, and is able to communicate with supervisors, management, colleagues, clients and key stakeholders to establish productive relationships
Teamwork	Promotes cooperation and commitment within a team and with other teams to achieve goals and deliverables.
Diversity	Creates a work environment that respects and values difference in individuals and recognises the unique contributions that everyone brings to the business.
Integrity	Displays moral and ethical convictions, and doing the right thing in all circumstances, even if no one is watching you. Honesty and trust are central to integrity.

Work Safety

Cappello strives to provide a safe and healthy work environment for all employees, contractors and visitors. Its aim is to eliminate any hazard that could constitute personal injury or illness and it will do

all that is reasonably practicable to ensure safe work practices are adopted and adhered to. Employees and Contractors are asked to take reasonable care to protect their own health and safety at work and also the health and safety of others in the workplace.

Cappello Hydraulics and Civil is an EEO employer and we value diversity within our organisation.
