Exercise training guide: 1 = Least Demanding - 5 = Most Demanding

Please arrive 5 - 10 minutes before a group exercise class to set up and clean your equipment

Please bring your own towel, mat, and water bottle

No entry to a group exercise class after the class begins

Classes may change without notice in circumstances beyond our control

All group exercise classes are held in the **SPORTS HALL in Lower Level H Block**

- Please let the instructor know if you are new or have any medical conditions
- Please be considerate of other members and instructors and keep talking to a minimum during the class
- **Bookings are required for all group exercise classes via phone or email**
- Group exercise classes will be limited to 25 participants
- All equipment used during a class must be cleaned before putting away

Group Exercise Class Descriptions

Exercise training guide: 1 = Least Demanding to 5 = Most Demanding

EASY

Functional Mobility

Level 1 -2 Cardio Level 1 – 2 Strength

Functional Mobility is a safe class suitable for anyone to attend, which focuses on flexibility, agility, balance, joint mobility, and core strength. Includes combinations of dynamic movement, core strengthening exercises, static stretching, and dynamic stretching to improve overall stability, mobility, and flexibility. The class is designed to leave you feeling looser, while reducing tension and stiffness. (NOTE: exercises may be on the floor or seated)

Heart Health

Level 2-3 Cardio Level 1-2 Strength

Heart Health is a gentle physical activity class suitable for anyone who hasn't exercised in a while to help to increase your cardiovascular fitness and breathe easier. Exercise at your own pace in a friendly and safe environment.

Osteocise

Level 2-3 Cardio Level 2 Strength

Osteocise is a safe, effective exercise program designed for people in need of increasing the strength of their bones and muscles using handheld dumbbells and TheraBand's. The program is a scientifically proven exercise program for building strong bones and muscles in people over 50.

MEDIUM

Functional Health

Level 2-3 Cardio Level 2 - 3 Strength

Functional Health is an interval style class where you will work individually but within a motivating group environment to improve your strength and fitness. Utilizing a variety of training methods and equipment including resistance bands, stability balls, kettlebells, steps, weights, cardio equipment and body weight training, the class aims to train the body to perform everyday activities efficiently and safely. This class is suitable for participants of Heart Health/Osteocise who are interested in trying something faster paced.

Yoga

Level 1 Cardio Level 3 - 4 Strength

CIT Fit & Well Yoga is a challenging dynamic, flowing class that combines strong poses with breath work and meditation. The class will improve your strength, mobility, balance, posture, endurance, reduce the risk of injury and leave you feeling relaxed.

HARD

Cardio with Abs, Butts & Thighs

Level 3 - 4 Cardio/Level 3 -4 Strength

This class will be split into 15 to 20 minutes of cardio using spin bikes, steps or the large space in the sports hall and 15 to 20 minutes targeting the lower body using low impact exercises to strengthen and tone your stomach, lower back, bottom, thighs and smaller, stabilizing muscles in your inner thighs and outer glutes. Exercises will be performed on the floor, so bring your exercise matt.

CIRCUIT

Level 4 - 5 Cardio Level 4- 5 Strength

CIRCUIT is a challenging high-intensity interval style class designed to improve your strength and fitness using a variety of training methods and equipment including resistance bands, stability balls, kettlebells, steps, weights, and cardio equipment. The class aims to train the body to perform everyday activities efficiently and safely. Benefits include weight loss and improved flexibility, mobility, core stability, balance, and strength. Not recommended for participants with medical conditions or injuries.

Please remember to cancel your booking if you are unable to make the class.
