

# Club DJ Fundamentals

(OCA-BD01)

So you want to be a DJ?  
Learn the fundamentals at CIT.

Learn the art of being a DJ, from the fundamentals of beatmatching and mixing to using effects and programming extended club sets. Designed for beginners wanting to learn the fundamentals, this course is designed to accommodate all styles of music. This DJ course covers basic mixing, giving you the underpinning skills to work as a club DJ or continue into the Club DJ Advanced course.

- Tuesday 15 June to  
Tuesday 10 August (9 weeks)
- 6pm to 9pm
- L Block, CIT Reid
- Cost: \$995

Train in our centrally located studios equipped with Pioneer XDJ-RX2 DJ systems, under the guidance of international DJ, producer and music label owner, Jungle Jerry. BYO USB and Headphones.

Class numbers are limited. Hurry, spots won't last. *This course is non-accredited.*

# Club DJ Advanced

(OCA-BD02)

Take the next step as a professional DJ. Learn advanced skills and techniques at CIT.

Sharpen your skills with this advanced DJ course. Club DJ Advanced is designed for students who have completed the Club DJ Fundamentals course or have previous experience as a DJ and want to take their skills to the next level. Topics include solving technical issues and improving audio file quality, beatmatching and mixing, using effects, scratching and finger drumming. Taught by an experienced and internationally renowned DJ, learn the advanced skills and techniques you need to work as a professional DJ in a club setting.
