Eligibility

An ELIGIBLE PERSON is any person working in or in connection with the building and construction industry in the ACT who is (at least 80%) performing 'work liable for the Training Levy'; or is a person deemed as an eligible person on application to the Authority.

An eligible person can be an employer, employee or an independent contractor.

Work Liable for the Training Levy

The construction, erection, alteration, repair, renovation, demolition, maintenance or removal of a building or structure.	The construction, erection, installation, alteration, repair, demolition or removal of any system or plant associated with the conveyance, collection, storage, treatment or distribution of water or gas, or the disposal of sewage or effluent.
The construction, alteration or repair of a road, street parking area, footpath, thoroughfare (for pedestrians or vehicles), kerbing, guttering, roundabout, median strip or the performance of other road works.	Electrical, electronic, communications or data networks, or mechanical services work, including work that is related to the construction, erection, installation, alteration, repair, servicing or dismantling of any plant, plant facility or equipment.
The construction, alteration, repair, demolition or removal of a railway or part of a railway, or of any platform, signal or other structure connected with a railway.	The on-site construction, installation, alteration, repair, demolition or removal of: a lift or escalator; any air-conditioning, ventilation or refrigeration system or equipment.
The construction, alteration, repair, demolition or removal of an aircraft runway or a helicopter landing pad.	The construction, repair, alteration or removal of a playing field, golf course, racecourse, stadium, swimming pool or other sporting or recreational facility.
The construction, alteration, repair, demolition or removal of a bridge, viaduct, aqueduct or tunnel.	Landscaping or the construction, alteration or removal of a park or garden.
The construction, alteration, repair, demolition or removal of a harbour, breakwater, retaining wall or marina.	Work to improve the drainage of land.
The performance of excavation work.	Any site preparation work (including pile driving) preliminary to the performance of any construction work.
The construction, alteration, repair, demolition or removal of a dam, reservoir, weir or other embankment or structure for the catchment, collection, storage, control or diversion of water.	The laying of pipes and other prefabricated material in the ground.
